Educating the mind, body and spirit since 1894
Secondary Weekly Bulletin
March 19 – March 23, 2018*

St. Joseph Catholic School was established to provide a Christian Environment for students, staff and faculty alike that promotes both excellence in education and a spiritual faith formation. As a pastoral instrument of the Church, we intend to respond to the needs of the whole person and to support the spiritual, intellectual, physical and social development of each student. It is also our intention to challenge the students to work to the best of their abilities and to live as Christian examples of faith to one another and to the extended community. We will strive to explore and initiate innovations in education and our faith which will prepare the students to take their place as leaders in a changing and challenging society.
